

CD Replication is the process by which compact discs are "stamped" in large quantities using a glass master. Traditionally used for orders of over 1,000 units, replication costs over the years have been reduced to more accessible levels and lower minimum run quantities. The stamped cd's are then printed using top-quality silkscreening, with two-colour being the standard, but greater numbers of colours available (at a nominal additional cost per disc). At Beartech you can now reach full replication capabilities at a mere 300 discs ordered. Make your discs retail-ready by completing the package with your choice of jewelcase and shrinkwrapping. We will even insert your pre-printed artwork!

We now have **BARCODES** available - make your CD's retail-ready with a barcode file ready to drop into your artwork for only \$40!

Your cd's for as low as \$0.98!

Based on 1,000 discs. 2-color silkscreen, 11-15 days turnaround. [Packaging](#), shrinkwrap, & artwork not included. Please see our [Specifications](#) for cd master requirements. Shipping and applicable taxes are extra. There is **no charge** for the glass master.

Additional silkscreen colours and shorter turnaround times available, please [contact us](#) for pricing.

Qty.	Price per disc
300	1.89
500	1.28
750	1.20
1000- 2,999	0.98
3,000-4,999	0.86
5,000-9,999	0.85
10,000+	0.74

Includes your disc, replication, glass master, and 2-color silkscreen printing on disc. Silkscreen film not included (\$40 per color).

Silkscreening of additional colors on disc please add to the above prices as follows: 3-color silkscreen \$0.05/disc; 4-color silkscreen \$0.10/disc, 5-color silkscreen \$0.15/disc.

For orders under 300 pieces, please see our [Short-Run Duplication](#) prices.

CD Artwork Printing

You can either supply us with finished, insert-ready artwork (inserted free of charge when purchasing jewelcases), or we would be pleased to provide you with hassle-free, top-quality printing. Please see our Artwork Specifications for details regarding your digital artwork files. Don't have artwork designed yet? Our in-house graphic artist can design your cd cover (or band posters and more). Below is our pricing chart for direct-to-plate printing, which gives even better results than traditional offset printing, and at a cost savings to you. Direct-to-plate printing eliminates film costs (typically \$200-250) used in traditional offset printing.

<p style="text-align: center;">4/1</p> <p style="text-align: center;">(when unfolded, is full color one side, black & white on the other side)</p>	<p style="text-align: center;">(One-Fold) 2-panel 4-page</p>	<p style="text-align: center;">(two-fold) 3 panel 6 page</p>	<p style="text-align: center;">(3-fold) 4 panel 8 page</p>	<p style="text-align: center;">(4-fold) 5 panel 10 page</p>	<p style="text-align: center;">(5-fold) 6 panel 12 page</p>

A few vital points with regards to your cd replication or duplication.

- Always obtain permission to use other people's copyrighted material to avoid potential legal action.
- Day "Zero" is the day all files, master, and deposits are received. Turnaround time is counted in business days; weekends and holidays are excluded.
- A deposit of 50% of the total is due when the order is placed, payable by cash, Visa, MasterCard, or certified cheque only. Personal cheques are not accepted.
- Final payment is due prior to delivery, by cash, Visa, MasterCard, or certified cheque.
- Prices are subject to change without prior notice.
